

SULLAR MID-RANGE SERIES PORTABLE LUBRICATED ROTARY SCREW AIR COMPRESSORS

800–1100 cfm at 100–200 psi ■ 22.7–33.1 m³/min at 7–13.8 bar

Tier 4 Final

THE ULTIMATE IN VERSATILITY, EFFICIENCY AND DURABILITY

Built to take on any job with a wide range of pressure and flow options, the Sullair Mid-Range Series is engineered to be one of the most versatile and efficient compressors on the market.

Designed for maximum efficiency with Electronic Spiral Valve Technology

 Matches air supply to demand—helping maximize fuel efficiency and extend runtimes State-of-the-art 7" Color Sullair Touch Screen (STS) Controller allows easy control at the touch of a finger—even with gloves on!

- Easy-to-enter set pressure and flow for a wide range of applications
- Controls the Electronic Spiral Valve
- In-depth compressor and engine performance information on demand

Compact, durable package

- Stands up to high altitudes and harsh environments
- Easy to tow and maneuver around the jobsite
